INDEX TO VOL. II.

ABDOMINAL tumour, case of, 479
Abscess, psoas, 460
———, lumbar, *ibid.*
Abscesses in the urethra, 726
———, treatment of, 227
——— in bone, 705
Acetate of morphine, test for, 201
Ascites, 1
———, causes of, 2
———, treatment of, 4
Ague, sometimes shews itself two months after infection, 161
Alcock, Mr., his operation for cleft palate, 326
Amputations, Sir A. Cooper on, 40
———, remarks on, *ibid.*
Amputation of the fingers, 43, 85
——— of the foot, 46
——— of the leg, 47, 48
——— of the thigh, 50
——— at the hip joint, 70
——— of the hand at the wrist, 66
——— of the fore arm, 67
———, case of, 81
——— of the toes, 85
——— at the shoulder joint, 68
——— of the thumb, 45
Amputating knife, method of holding the, 49
Amputate, when is the most proper time to, in compound fractures, 680
Anasarca, case of, 466
Ancle joint, compound fractures of the, 476, 674
Ancle joint, dislocations of the, 621, 623
Animalculæ, spermatic, M. de St. Vincent on, 373
Anus, complaints of the, 18, 72
——, imperforate case of, 112
Aphonia, case of, 734
Arsenic, effects of, 175
Asthma, cases of, 110, 111
———, cured by galvanism, 660
Aura epileptica, 109

BATTLEY, Mr., on the constituent parts of opium, 277
Bassett, Mr., case of aphonia, 29
Belladonna injected into the veins, 206
———, a preventive of scarlet fever, 403, 561
Bladder, irritable, 260, 495
———, treatment of, 262
———, mucous disease of the, 263
———, treatment of, *ibid.*
———, paralysis of the, *ibid.*
———, treatment of, 264
———, stone in the, 259, 634
———, composition of, 635
———, tape-worm in the, case of, 624
———, operation for stone in the, 637
———, after treatment of, 640
———, fungus of the, 179
Blizard, Sir W., his horror of hats, 22
———, his congenital irritability removed, 156

Blood vessels, in fever, state of the, 306
Bone, suppuration in, 703
——, exfoliation of, 705
——, abscesses in, *ibid.*
Bones, action of mercury on the, 666
——, softness of the, 707
Bowels, constipation of the, use of charcoal in, 114
Brain, concussion of the, 154, 236, 421 672
——, cancer of the, 399
——, hydatids in the, 659
——, cyst in the, 686
Bronchocele, case of, 258
Broussais, M., disputations of, 625
Bubo, sympathetic, 268, 494
——, syphilitic, 315
——, sloughing, 320
——, is the matter of, infectious? 391
Burns and scalds, 709

Cancer labii, 100
——— of the brain, 399
——— of the cerebellum, 401
Carpus, dislocations of the bones of the, 547
Castor oil, artificial, 357
Castration, operation of, *ibid.*
Cataract, clinical lecture on, 468
Cilia, method of extracting the, 441
Cerebellum, cancer of the, 401
———, abscess in the, 659
Chancre, 289, 299, 588
———, in women, 302
Charcoal, its use in constipated bowels, 114
Chordee, 264
———, treatment of, 264
Chlorate of soda, useful in porrigo, 209
Cleft palate, Mr. Alcock's operation for the, 326
———, Mr. Weiss's instrument for the, 325
Clinical lectures of Mr. Tyrrell, 437, 469, 491, 566, 585, 608, 634, 670
College of surgeons, by-law of the, 104
———, remarks on, 197
Cold, on its employment externally, 691
Concussion of the brain, with fracture of the cranium, 696
Concussion of the brain, 420, 672
Coombe's Elements of Phrenology, notice of, 533
Cooper, Sir Astley's surgical lectures, 1, 12, 30, 40, 66, 72, 89, 157, 167, 186, 218, 226, 239, 260, 268, 289, 298, 315, 338, 387, 406, 424, 480, 512, 547, 591, 614, 644
Copland, Dr., the medico-chirurgical society, and The Lancet, 23
Cotugnius, biographical sketch of, 477
Cracow, curious disease of, 501
Crampton, Mr., his case of osteo-sarcoma of the lower jaw, 458
Cranium, fracture of the, 180, 571, 700, 725, 731
Cubeba, value of, in gonorrhœa, 196

Digitaline, paper on, 537
Dislocations, 512
———, general remarks on, 480
——— of the spine, 487
——— of the thigh-bone, 591
——— of the patella, 617
——— of the tibia, 618
——— of the femur, *ibid.*
——— of the ancle-joint, 621
——— compound, ditto, 623
——— of the clavicle, *ibid.*
——— of the elbow, 519
——— of the bones of the carpus, 547
——— of the fingers and toes, 548
——— of the thumb, 549
——— of the first phalanx, 550
——— of the lower jaw, 551
——— of the hip joint, 554
Dropsy, peritoneal, 1
———, causes of, 2
———, treatment, 4
——— of the chest, 4, 16
———, ovarian, 6
Dropsy, treatment of 6,
———, obliteration of the veins regarded as a cause of, 350

Dupuytren, Mr., new mode of operating for stone, 337

Earle, Mr., fracture bed, 251
Ear, external defect of organization in the, 377
Elbow, compound fracture of the, 675
——, dislocations of the, 519
Emphysema, with fracture of the ribs, 693
Enlarged tonsils, 95
——, constitutional treatment, *ibid.*
——, local treatment, 96
Epilepsy, use of wormwood root in, 688
Erinensis, sketches of Dr. Stokes, 58—Mr. Kirby, 209
Eruptions, syphilitic, 340
Erysipelas, extensive, a case of, 444
Excrescence, a fungous, removed, 155
Exfoliation of bone, the process of, described, 705
Exfoliation, treatment of, 705
Exostosis, cartilaginous, 706
——, fungous, *ibid.*
Extirpation of the uterus, 719
Erysipelas, 444
Eye infirmary, Cork-street, remarks on its abuses, 503, 584

Femur, dislocations of the, 475, 504
Fever, puerperal, case of, treated with o.. tereb. 282
Fingers, amputation of the, 43, 44, 85
Fingers and toes, dislocations of, 85, 548
Fistula in ano, 18
——, causes of, 19
——, treatment, 20
——, operation for, 21
Fluid in the chest, accumulation of, 16
Foot, amputation of the, 46
——, case of gangrene of the, 436
Fore arm, amputation of the, 81
Fracture of the leg, 151
Fracture bed, description of, 251
Fractures, compound, 644
Fractures of the neck of the thigh-bone, 614
——— through the trochanter major, 616
———, non-union of, 645
———, treatment of, under common circumstances, 646
———, constitutional treatment of, 647
———, compound, 674, 675
———, want of union in, 679
——— of the cranium, with concussion of the brain, 696
———, with depression and compression, *ibid.*
Fungus of the testicle, cases of, 80, 150
——— of the stomach, 259
———, hæmatodes, case of, 81
——— of the bladder, 179

Gangrene of the foot, case of, 436
Gleet, 269, 566
——, in females, 276
Gonorrhœa, in males, 187, 491
———, treatment of, 191, 491
———, in females, 274
———, case of, 205
Gonorrhœal rheumatism and ophthalmia, 273, 695
Gout, paper on, by Bayle, 563
Guy's hospital, reports from, 80, 150, 232, 236, 258, 381, 403, 420, 434, 436, 489, 633, 666
Gunshot wound, cases of, 489, 728

Hæmatodes, fungus, case of, 81
Hair-lip, operation for the, 97, 150
Head, injuries of the, 107, 672, 696
Heart, diseases of the, 601, 660
——, rupture of the, 336, 663
Hemlock, effects of, 167
Hernia, Inguinal, case of, 57
———, femoral, 83
———, humoralis, case of, 546
———, inguinal strangulated, 694

Hernia, operation for, 694
Hip joint, dislocations of, 584
———, diseases of, 454
———, treatment of, 456
Hole and corner surgery, remarks on, 331, 347, 416
Holy alliance of divinity and physic, publications by the, 56
Hospital physicians and surgeons, remarks on their usual indolence and want of capacity, 663
——— reports, see Guy's, St. Thomas's, &c.
Hotel Dieu, diseases in the 638
Humerus, compound fracture of, 648
———, dislocations of, its varieties, 514
Hydrargyri oxymurias, caution in the external use of the, 682
Hydrophobia, Dr. Xanthos on, 279
———, injection of warm water into the veins in, 367, 666
———, described, 163
———, treatment of, 166
Hydrocyanic acid, experiments on, 359
———, case of a cat poisoned by, 359
Hydrothorax, 4

Iliac artery, tying of the, 468
Imperforate anus, case of, 112
Impotence, 707
Inguinal hernia, case of, 57
Insects discharged from the stomach, 684
Iodine, effects of, 174

Jaw, dislocations of the lower, 331
Johnson, Dr. James, 23, 83
———, and his reviewer, 52
Joint, ancle, compound fracture of the, 674
Joints, scrofulous diseases of, 430

Kirby, Mr., sketch of, 202
Knee joint, disease of the, 385
Knee, compound fracture of the, 675

Labour, premature, observations on, 715
Leg, amputation of the, 47, 48
——, fracture of, 646
Leprosy Indian, description of the, 149
Lip, cancer of, 100
—— hare, operation for, 97
Lithotomy, recto-vesical operation of 625
———, lateral operation of, 670
———, high operation of, 671
Liver, rupture of the, 57
Lloyd, Mr., letter on his election, 580
Lumbar abscess, 460
———, treatment, *ibid.*
Lungs, on the perforation of the, 574

Magendie's physiological experiments, 359
Magendie, his remedy in hydrophobia, 666
Maxillary bone inferior, disease of, removed, 458
Measles, remarks on, 161
Medical and surgical cases, by Ed. Sutleffe, 681
Medicine, royal academy of, at Paris, proceedings of the, 335, 477
Medical Society, letter on the formation of a, 626
Medico-Chirurgical Society, conduct of the, 23
Mercury, its influence on the human body, 394
———, action of, on the bones, 666
Mesenteric glands diseased, 429
Metritis, 669
——— , use of turpentine in, *ibid.*
Middlesex Hospital reports, 56, 107, 154, 180, 286, 447, 475, 501, 641
Mollities ossium, 707
Monstrosity, 208
Morphine, the acetate of, test for, 201

Mouth and throat, syphilitic diseases of, 322

NASAL duct, obstruction of the, remarks on, 441
Neck, enlarged glands of the, 81
——, tumour of the, removed, 84
——, scrofulous affections of the glands of, 424
——, treatment of, 426
Nerves, inflammation of, 538, 541
Nervous system, physiology and pathology of, 378
——, singular case of affection of the, 734
Ninnyhammers of St. Thomas, 348
Nodes, 344

ŒSOPHAGUS, obliteration of the, in a new-born infant, 690
Ollivier's, C. P., Treatise on the Spinal Marrow and its Diseases, 133
Opium, effects of, 169
——, constituent parts of, 277
——, Mr. Batley's Second Letter on its components, 631
Ophthalmia, gonorrhœal, 273
——, Hewson on, review of, 651
——, syphilitic, 657
——, from suppressed gonorrhœa, 695
Ovaries, dropsy of the, 6
——, treatment of, 8
Oxymuriate of mercury, effects of, 176
——, its antidotes, 177, 206

PARALYSIS of the bladder, 263
——, case of, 403
Paraphymosis, 298
Paracentesis abdominis, operation of, 12
——— thoracis, 16
Paris hospitals, cases in the, 365
Patella, dislocations of the, 617
Peripneumony, 660
Phrenology, elements of, Coombe on, 523
Physicians, society of, letters on, 543
Phymosis, 297, 591
Physiological experiments, by Magendie, 359
Piles, remarks on, 72
——, causes of, 73
——, treatment of, 74
Plague, contagious nature of the, 693
Plica polonica, case of, 561
Poisons, definition and sources of, 157
——, action of, 158
——, tobacco and hemlock, 167
——, opium, 169
——, iodine, 174
——, arsenic, *ibid.*
——, oxymuriate of mercury, 176
——, its antidotes, 177, 206
——, tecunas, experiments with, 206
Polypi of the rectum, 79
——— of the nose, 89
——, varieties and method of treatment, 89, 94
——, diseases resembling, 94
——, of the prostrate gland, 246
Porrigo, chlorate of soda useful in, 209
Premature labour, observations on, 715
Prostrate gland, inflammation of the, 239
——, acute, *ibid.*
——, chronic, *ibid.*
——, inspectio cadaveris, 241
——, enlarged, treatment of, 243
——, diseases of the, 569
Prussic acid, spontaneous developement of the, 335
Psoas abscess, 460
Puerperal fever, virtues of the ol. tereb. in, 282
——— treatment, 461
Pulmonary diseases, cases of, 574

QUININE, sulphate of, dissertation on, 355

RACHITIS, 462

Radius, patella and femur, fractures of the, 446
Recto-vesical operation of lithotomy, 627
Rectum, cancer of the, 661
Revue Médicale, 658
Review of Mr. Copland Hutchison's case of hæmorrhage into the bladder, 504
——— of Hewson on Ophthalmia, 651
Rhinoplastic operation, 449
Rheumatism, gonorrhœal, 273
Rheumatism from suppressed gonorrhœa, 695
Rickets, 462
Ribs, fracture of the, with emphysema, 693

Scarlatina, remarks on, 160
Scarlet fever prevented by belladonna, 403
Scalds and their treatment, 709
Scrofula, general remarks on, 407
———, influence of climate on, 408
———, treatment of, 412
———, cases of, 81, 424, 454
Scrofulous affections of the joints, 430
——————— treatment, 432
——————— of the mesenteric glands, 429
——————— treatment, *ibid.*
——————— of the glands of the neck, 81, 424
——————— treatment, 426
Sharple's, Dr., case of imperforate anus, 112
Skull, fracture of, with depression, 633
——, fracture of the, 607
Small-pox, remarks on, 161
Speech, loss of, 29, 734
Spinal marrow, diseases of the, 133
——————, atrophy of the, 138
——————, wounds, contusions, and compressions of the, *ibid.*
Spine, dislocations of, 487
Spinal marrow, absorption of the medullary substance of the, 144
——————— and its membranes, inflammation of the, 147
St. Thomas's Hospital, reports from, 49, 84, 151, 154, 179, 203, 239, 284, 331, 385, 347, 416, 491, 546, 607
——————, syphilitic wards of, remarks on, 232
Stethoscope, use of, 17
Stokes, Dr., sketch of, 58
Stomach pump, remarks on the, 173, 177, 613
———, fungus of the, 259
———, diseases of the, 208
———, insects discharged from the, 684
Stones in the bladder, new method of destroying, 237
Stone, new method of operating for, described, 337
——— in the bladder, 259, 634
———, the composition of, 635
———, mode of securing patients before operating, 636
———, operations for, 179, 637
——————, after treatment of, 640
Strangulated hernia, and operation for, 694
Strictures of the urethra, causes and symptoms of, 218
——————, permanent, treatment of, 222
——————, spasmodic and inflammatory, 230
——————, treatment of, 232
Strictures, their varieties, 497
———, spasmodic, *ibid.*
———, causes of, *ibid.*
———, cases of, 498
———, permanent, *ibid.*
———, use of caustic in, 500
Suicide, remarks on, 87
Suppuration in bone, 703
Surgeons, royal college of, 104, 197
——————, charter of the, 119
——————, court of examiners, conduct of, 197, 246
Surgical profession in Ireland, sketches of the, 58, 209
Sutleffe's Medical and Surgical cases, 322

Syphilis affecting the mouth and throat, 322
——————— the nose, 338
———, general remarks on, 387, 585
Syphilitic eruptions, 340
——— diseases of the periosteum and bones, 342
———, wards of St. Thomas and Guy's, shameful treatment in, 232

Tapping, operation of, 12
——— dry, case of, 10
Testicle, hydatid disease of the, 30
———, scirrhus of the, 31
———, fungoid disease of, 34
———, chronic enlargement of the, 36
———, irritable, 38
———, castration of, *ibid.*
———, cases of fungus of the, 80, 150
———, inflammation of, 266
———, on wasting of the, 268
———, chronic inflammation of the, 724
———, enlarged, 285
Tetanus, treatment of, 255
——— caused by compound fracture, 679
Thigh bone, fracture of, 591, 596, 646
Thumb, amputation of the, 45
———, dislocations of, 550
Tibia, fracture of the, 151
———, dislocations of the, 618
Tic douloureux, 101
———————, treatment of, 102
Tecunas, experiments with, 178
Toes, amputation of the, 85
Tonsils, enlargement of the, 95
———, treatment, constitutional and local, 95, 96
Tourniquet, description of the, 42
————, method of applying the, *ibid.*
Trephining, operation of, 698
Tumour in the cavity of the uterus, case of a, 712
———, encysted, case of extirpation of, 25
Tumour, fibrous extirpation of, 602
Tyrrell's, Mr., Clinical Lecture on injuries of the head, 696
——— ———, Clinical Lecture on concussion of the brain, &c., 437

Ulcers, cancerous, 337
Urethra, strictures of, 218
————————, treatment of, 222
———, abscess in, 226
————————, treatment, 227
———, bleedings from the, 265
Urinary bladder, hæmorrhage in the, Mr. Copland Hutchison's case of, 504
Urine, retention of, 154 570
———, extravasation of, 229, 381
Uterus, tumour in the cavity of the, 712
———, extirpation of the, 719

Veins, obliteration of the, regarded as a cause of dropsy, 350
Vertebra, sixth cervical, dislocation of the, 140
Vertebra, tenth, fracture and dislocation of the, 142
Vertebræ, cervical fracture of the, 286
———, cervical diseases of the, 434
———, diseases of, 457
———, fracture of the, 501
Violet, analysis of the, 206
Viper, the bite of, how treated, 162

Ward's paste, 26
Warts, venereal, 303
Wasps and hornets, the stings of, how treated, 162
Westminster Hospital, fungous excrescence removed, 155
Wormwood root, its use in epilepsy, 688
Woorara, remarks on, 207
Wrist, diseased, 203
———, incised wound of the, 641
——— joint, compound fracture of the, 677
